

To Whom It May Concern:

I, James M Rigdon, am writing in support of the proposed merger between Sirius and XM radio. I firmly agree that the competitive landscape has evolved sufficiently since the initial creation of these two enterprises that prior agreements that Sirius & XM would not merge should be considered null & void. The consolidation of these two companies is critical to the survival of the industry and the associated employment, is in the best interest of consumers, and aligned with the ideals of capitalism. I urge all those with the authority to influence the outcome of this merger to lobby in favor of allowing these two businesses to proceed with the acquisition.
